“Excellence through LeaderSHPE”

SOCIETY OF HISPANIC PROFESSIONAL ENGINEERS

Illinois Institute of Technology - 3300 South Federal Street

Dear Corporate Sponsor:

On behalf of the Illinois Institute of Technology Student Chapter of the Society of Hispanic Professional Engineers (SHPE-IIT), we would like to thank you for taking the time to explore our organization. Throughout the years, SHPE-IIT has focused on transitioning young engineering students into professionals who can produce value within their specific field. SHPE-IIT is an extraordinary student organization that has unlimited opportunities for our members.

Our executive team explores many different venues to provide a well-rounded atmosphere for our members during their undergraduate tenure. Though our focus is geared towards professional advancement, SHPE-IIT also allows our members to explore our student network through community service, culture awareness, intramurals, mentoring, and social events. Whether we host resume workshops, tutoring sessions, mentor programming, or a simple volunteering at our Junior Chapter, our members have the opportunity to experience networking beyond the walls of academics. Many leaders have emerged from our organization, and through opportunities within SHPE-IIT, have acquired the tools necessary to succeed in today's workforce.

We have built and continued our reputation with the Engineering Student Services and academic Programs department, and this year's projects have already passed the initial planning stages. We have many endeavors throughout the year, and it may seem overwhelming for a student organization, but they also serve as examples of the challenges that SHPE-IIT welcomes as we test our teamwork and continue our professional development.

If you have any questions or need further information, please feel free to contact us through email at: finance.shpe.iit@gmail.com or visit our website at www.shpeiit.org

Sincerely,

Abraham D. Chavez	Refugio Moreno	Gimena Garcia

Return on Investment

The Society of Hispanic Professional Engineers, Inc. is a non-profit **international** organization dedicated to increasing the participation of college students in the fields of engineering and related sciences. Their mission statement is to promote the development of Hispanics in engineering, science, and other technical professions to achieve educational excellence, economic opportunity and social equity.

Our mission statement: *SHPE changes lives by empowering the Hispanic community to realize its fullest potential and to impact the world through STEM awareness, access, support and development.*

Our Vision: *SHPE's vision is a world where Hispanics are highly valued and influential as the leading innovators, scientists, mathematicians and engineers.*

SHPE-IIT continues to provide active professional and academic support, career and technical development, community involvement, and recruitment and retention of top-tier Hispanic students. Through your company's participation, you will have first-look insight into our organization and will have the ability to market your company to a diverse group of student of various engineering disciplines such as:

Mechanical	Biomedical	Aerospace
Architectural	Civil	Food Processing
Electrical	Chemical	Biological
Computer... and more.		

Former students who have now become professionals have shown a special interest in the advancement of SHPE, and SHPE-IIT is devoted to maintaining relations with alumni who can share the vast knowledge they have gained through personal experiences. SHPE alumni can provide guidance for our undergraduate members and help develop their networking skills. Alumni involvement can possibly be the first interaction our undergraduate members have in forming personal contacts in the corporate world. Not only can our alumni serve as resources with particular companies, but they also offer suggestions for programming ideas that have proved beneficial to the alumni within his or her respective career.

SHPE-IIT is also devoted to help our members develop their social skills by participating in Community service and hosting social events within our own chapter. Events such as movie night, study night, and end of the year banquet allow our members the opportunity to network in a relaxed environment.

SHPE-IIT has a history of excellence in recruiting and retaining Hispanic students. Our student chapter remains successful with motivated, ambitious leaders who maintain such excellence. We have recruited such leaders who spread energy across campus to provide equal opportunity to all members of our organization. The backbone of a professional organization such as SHPE-IIT is the contributions we receive from your company. All contributions are used to benefit the members of SHPE-IIT to prepare them for professional situations, from simpler tasks such as resume writing to more complex tasks such as diversifying a workforce. We hope that we can count on your support for these efforts and allow SHPE-IIT the opportunity to serve as a valuable asset to your company.

Thank you for fulfilling your part in helping us excel in our endeavors.

SHPE Junior Chapter

**Academic
year**

The SHPE junior chapter is intended to be a mentoring program for high school students in the Rochester area. SHPE Mentors meet with their mentees once a week and will guide them to create a strong chapter that will be able to augment the success of precollege students by providing scholarships, tutors and other resources to overcome persistent educational barriers and encourage students to pursue science, technology, engineering and math (STEM). SHPE Jr. focuses on both enhancing the education of Latino pre-college students and positively influencing them to become tomorrow's science and technology leaders
